

Keynote Speaker:

Karen Liller, PhD

University of South Florida

Injuries, Injury Prevention for Children and Adolescents, and Firearms: A Call to Action

Dr. Karen Liller is presently a full tenured professor in the College of Public Health specializing in public health and injury prevention. Dr. Liller holds undergraduate and graduate degrees in medical technology, technical education, and education (curriculum and instruction). Dr. Liller has held numerous administrative positions including Associate Dean for Academics and Student Affairs in the College of Public Health and Dean of the USF Graduate School and Associate Vice President for Research and Innovation. Dr. Liller's teaching, research, and service activities largely focus on public health and the prevention and control of children's unintentional injuries. She has been the recipient of several awards/honors such as the first State of Florida Injury Prevention Award, the Tampa Bay Business Healthcare Hero Award and was named a Fellow of the American Association for the Advancement of Science. She also has received certification in public health (CPH).
